# What is an artist?

A person who creates art (such as painting, sculpture, music, or writing) using conscious skill and creative imagination.

- “Creativity takes courage.”
- “If I could say it in words there would be no reason to paint.”
- “I found I could say things with color and shapes that I couldn't say any other way— things I had no words for.”
- “Painting is just another way of keeping a diary.”
