

> Current research

Research is clear that high-quality early education establishes the foundations for later success, including academic achievement, good health and well-being.

At Grove Lea Primary we value the importance of Early Years provision. We are at the heart of the Hemsworth community and we believe that our children deserve to be in a safe and happy learning environment where they can feel confident to grow and achieve, in order to reach their full potential and beyond. We pride ourselves in supporting the children to know that they can achieve anything.

We feel it is essential to support the children's cultural capital, enriching their learning experiences through high quality texts and enhancing the children's learning through first hand experiences, for example a visit from a soldier excited and inspired the children, leaving them with memorable experiences.

EARLY YEARS

If it is to be, It is up to me

LEARNING ENVIRONMENT

We pride ourselves on our high-quality EYFS learning environment.

It is a wonderful space, in which children can develop. Through careful planning, the environment both inside and outside offers children opportunities to explore and learn with the support of sensitive, knowledgeable adults.

CURRICULUM

We follow the Early Years Foundation Stage Curriculum. Our activities are carefully planned and delivered using a theme and the seven areas of learning, which are laid down in the Early Years Foundation Stage Curriculum guidance. All areas of learning and development are important and inter-connected.

Three areas are particularly important for building a foundation for igniting children's curiosity and enthusiasm for learning, forming relationships and thriving. These are the prime areas: • communication and language • physical development • personal, social and emotional development We also support our children in four specific areas, through which the three prime areas are strengthened and applied.

The specific areas are: • literacy • mathematics • understanding the world • expressive arts and design

PARENTS / CARERS

Working in partnership with Parents and Carers throughout each child's journey in EYFS is extremely important to us. We believe that the strong positive relationships we develop are invaluable to best support each child.

**We want children to leave school as
CARING learners
COURAGEOUS learners
CURIOUS learners
COLLABORATIVE learners**
